Aloha to the Golden Eagle Ohana! In just a few short weeks, we will depart for our 2017 deployment. Your loved ones are well prepared to execute a wide range of missions in support of national objectives in the FOURTH and SEVENTH Fleet of operation. Patrol Squadron NINE is ready to assume the watch largely due to your support over the past twelve months. From late dinners, last minute schedule changes to squadron social events, you have supported our efforts to ensure we are ready to answer any challenge. Thank you for your tremendous support!

As we go forward, focused on missions such as Anti-Submarine Warfare, Anti-Surface Warfare and Intelligence/Surveillance/Reconnaissance, our thoughts are never far from our families at home. This guide is intended to help service members and their families prepare for the months ahead and serve as a ready resource during deployment. There are many things that service members and their families should address to help ensure readiness for a deployment, like completing legal documents and getting financial affairs in order. Proper preparation can make the entire deployment less stressful for the entire family. A deployment is never easy, but proper preparation can help minimize stress and anxiety and to help service members rest assured that their affairs and families are taken care of while they are away.

I would like to take this opportunity to introduce you to three very special volunteers who are also available to make this deployment easier - our Golden Eagle Ombudsmen: Sara Webb, Melissa Pickett and Rachel Rumple. They are your direct liaison to the deployed command and have a wealth of information should you have any issues or concerns. Another valuable resource is our Family Readiness Group (FRG). The FRG can provide support and conduct activities for you and your family members during deployment. The Ombudsmen and FRG are extremely valuable resources that will serve to enhance communication, raise morale and share ideas. In this guide, you can find more information for these individuals.

No matter how prepared service members and their families are before the deployment, no one can predict all of the issues that we may come across. At VP-9, we are committed to building our Ohana’s ability to adapt to unexpected changes and manage stress and feelings of anxiety. We promote a philosophy of, “Golden Eagles take care of Golden Eagles.” Without a strong and stable home-front, our Sailors cannot remain focused and perform to the best of their abilities. Thank you again for your part in supporting the countless months of hard work that allowed us to get to this point and your continued support going forward. Mahalo and Ke Akua pu a hui hou.

Skipper Regoli
Operational Security

Practicing good Operations Security (OPSEC) is an essential part of safeguarding VP-9 personnel. OPSEC challenges us to look at ourselves through the eyes of an adversary (individuals, groups, countries, organizations) and ask, "Could this information be used against us?" It is important to review what we can and cannot say in non-secure correspondence (e.g., e-mail, phone, in line at the commissary, etc.).

Electronic communications have made staying in touch during deployment much easier but unfortunately, services such as e-mail, text messaging and Skype are INHERENTLY INSECURE regardless of what claims they might make about encryption. The popularity of third party apps makes the risk even greater, they provide a potential way for a hacker to access everything on your personal devices.

Just because something is unclassified does not mean it is not sensitive information. To protect your Sailor and fellow Golden Eagles while deployed, **do not discuss the following in e-mail, social networks, over the phone, FaceTime, texting, WhatsApp, etc.**

- Past, current or future operations, to include where we are or where we will be flying, what we are doing in the air and any planned future movements among detachment sites.
- The current location of squadron aircraft and personnel, or of U.S. Navy ships or submarines.
- Details about force protection measures (designed to protect your Golden Eagles) in place at any detachment site.

If you have questions concerning the sensitivity of information you want to discuss with your Golden Eagle, observe the following rule of thumb: "When in doubt, leave it out!"
Golden Eagle Ohana,

Aloha! Welcome to Patrol Squadron Nine. Let us take this opportunity to introduce ourselves. We are Sara Webb, Melissa Pickett and Rachel Rumple and we have been appointed as your command Ombudsmen.

As many of you probably already know, an Ombudsman’s primary duty is to assist Navy families. We act as a liaison between the command and the command families. We will also communicate information about military and community resources to families. When you have a question or a problem and are unsure where to turn, contact your Ombudsman. Ombudsmen are the tool for passing along information such as the command’s schedule, deployment program information, messages sent from deployed commands, resources available in the civilian or military community and an understanding of the military lifestyle.

What the Ombudsman can do for you:
• Serve as a reliable source of information.
• Pass information from the families to the command.
• Pass information from the command to the families.
• Help cut through “red tape” to resolve issues.
• Advocate for families to the command.
• Refer people in need of assistance to various military and civilian agencies.

Please feel free to call us if we can be of any assistance to you during deployment. Your questions, comments and concerns are very important and will be held in the strictest of confidence. Our normal phone hours are from 8:00 am to 8:00 pm for non-emergencies. We are available 24 hours a day for emergencies. If we are unavailable, we will return your call as soon as possible. We may also be contacted via email.

Sincerely,
VP-9 Ombudsmen team

Family Readiness Group

The Family Readiness Group (FRG) is a command-sponsored organization of family members, volunteers and Sailors belonging to a unit, that together provide an avenue of mutual support, assistance and a network of communications among the family members, the chain-of-command and community resources. FRGs help create a climate of mutual support within the unit and community. Basic FRG goals include supporting the military mission through provision of support, outreach and information to family members.

Benefits of FRGs:

**The Family Member:** Unit FRGs foster a sense of belonging to the unit and community and provide a vehicle for families to develop friendships while they gain information about the unit and community. In addition, they provide information and referral and share support during deployments. Through successful FRG efforts, many spouses have developed a more positive attitude toward themselves, a better understanding of why deployments are necessary and the Navy mission to maintain readiness.

**The Sailor:** FRGs provide support that communicates command caring, integrity of care and open and honest communication. This allows Sailors to trust in that care, enabling them to concentrate on the mission at hand and have the emotional readiness to carry out that mission. FRGs help develop a confidence in Sailors that family members will receive reliable and friendly support when the service member is away. This can be a meaningful stabilizer for Sailor performance and an enhancer of training and psychological readiness to fight.

We highly recommend connecting with us through email and our Facebook group. During deployment, more family activities and events will begin to take place such as the “Over the Hump” party. We would love to see everyone there!
Contacting Your Sailor

**Emergency Contact**
The American Red Cross Hero Care Center is available 7 days a week, 24 hours a day, 365 days a year, with two options for requesting assistance, online and by phone at (877) 272-7337. Requests can also be submitted online at the following link: [http://www.redcross.org/get-help/military-families/emergency-communication](http://www.redcross.org/get-help/military-families/emergency-communication).

When contacting the Red Cross, be prepared to provide the following information (if you do not have all of the information, please use phone option):

**Service Member Information**
- Full Legal name
- Rank/Rating
- Branch of Service
- Social Security Number or Date of Birth
- Military Unit address
- Information about the deployed unit and home base unit (for deployed service members only)
- Information about the emergency

- Name and Contact for the immediate family member experiencing the emergency (could be spouse, parent, child/grandchild, or grandparent)
- Nature of the emergency
- Where the emergency can be verified

Your Squadron Ombudsman will be the best route for speedy notification in the event of an emergency. With that being said, if there is an emergency that requires the presence of your Sailor, you should still contact the Red Cross to set the official process in motion to get them home.
Contacting Your Sailor

Routine Contact
With advances in technology, communication has become very easy even from across the world, but there can still be challenges. Not every location will offer easy access to phones, internet, etc. and your Sailor may not be at liberty to communicate back home at the moment. See below for additional options:

Internet/Social Media
Most of our locations will have locations with internet available via Wi-Fi allowing Sailors to connect to the internet. There are several websites and applications that allow for video and audio phone calls over Wi-Fi such as Skype, Facebook, FaceTime and others. Messages can be sent using social media sites such as Facebook private messaging along with email. Email addresses will be setup once the squadron deploys.

Contacting by Phone
Telephone calls from the United States to Japan are fairly simple. Calling cards may make it relatively inexpensive to keep in touch with your Sailor while on deployment. There are other areas to which we may deploy where it will be a little more difficult to make phone calls or send email. Once your Sailor is setup they should be able to provide you with more specific contact information.

Be advised that most cell phones will work overseas. However, the cost of utilizing them on an overseas network will be very expensive. Call your service providers beforehand to get an understanding of their international policies. You can be charged even if you just receive voicemails or if you own a smartphone, you connect to the data network and it automatically connects to update its applications. As mentioned above, look into Wi-Fi calling and/or VOIP (Voice over Internet Protocol) services such as Skype, FaceTime, Facebook, Google Voice, Oovoo, etc.

Official Phone Numbers
Duty Office Kadena (315) 634-6573/6003
OIC El Salvador (312) 567-0107

* DSN phone numbers can only be called from an official DoD line. Family members requiring contact with their loved ones should use all other options prior to calling.

* As a reminder, these are international phone calls and can result in substantial calling charges so use only in an emergency when all other options are exhausted.

Prior to calling your Sailor, consult the Time Zone Chart to see what time it is at their location. To use, first check what time it is at your location and then move over to your Sailor’s location.
Contacting Your Sailor

**Mail:** The official squadron address will depend on where your spouse is located. Kadena should be the default address.

For Kadena AB Japan:                               For San Salvador, El Salvador:

Rank Service Member Name  Rank Service Member Name
VP9 Main Body               VP 9 DET 1
ATTN: Sailor Name            ATTN: Sailor Name
UNIT 209207                  UNIT 203010
FPO AP 96602                  FPO AA 34080

*Note: Effective date of use is 1 March. If you use the VP-9 Hawaii mailing address, it will be sent to the post office on MCBH Kaneohe first then forwarded to VP9 Main Body.

**Mailing Tips:**

- If cookies are not packed tightly or well cushioned, you may get a letter about the lovely crumbs you sent.
- Do not send highly perishable items.
- If you are sending a package for a special occasion, be sure to mail it early so it has plenty of time to arrive.
- Do not send aerosols or liquids in class containers.
- UPS will not accept packages addressed to FPO addresses.
- DO NOT send packages on next day or second day air. It will only guarantee delivery to Chicago. Once it leaves there, it is on a space available basis.
- Put an extra address card INSIDE the package. If damage occurs to the point that neither the destination nor return address can be read, it will be opened by the post office. The package will go into a dead-letter bin if no address is found.
- You may need to use customs forms. Check with your local post office.
  
  - **Customs:** Parcels and articles mailed from outside the U.S. are subject to examination by U.S. Customs officials, with the recipient liable for the duties assessed. Articles, which bear marks or names copying trademarks, cannot be mailed unless these marks or names have been removed (i.e. no fake Gucci bags). Be aware that any gifts mailed back to you from your spouse may be assessed customs fees.
  - **U.S. Postal Regulations:** U.S. Postal regulations prohibit the shipment of poisons, explosives, flammable material, and alcoholic beverages. Additionally, the following items cannot be mailed to military post offices: securities and currencies, precious metals, cigarettes, and other tobacco products and living plants. If in doubt about mailing an article, consult your local post office.

Financial Planning
Budgeting
Sailors and their spouses should review family financial procedures and ensure all financial matters are resolved prior to departure. The Navy Marine Corps Relief Society and many credit unions and banks can provide assistance with budget planning. In order to help every household remain on the same page, we recommend using online budgeting software in which both the Sailor and their spouse are able to stay on the same page with the household budget. There are several mobile applications and websites.
USAA.com and Mint.com allows members to create a budget based on their bank accounts and automatically posts transactions but often require some attention to set the categories.
Everydollar.com is a new website released earlier this year that is one of the few, if not the only, website that allows you to create a budget prior to the first of the month. This allows couples to have their household budget planned and created well before the first of the month all in one place.

Basic Allowance for Housing (BAH)
Personnel receiving Hawaii BAH for residing off base will continue to receive these allowances at Hawaii rates while deployed until VP-9 has completed its Permanent Duty Station Change to Whidbey Island on October 1, 2018. For those in government quarters, there will be no changes. For members that elect to relocate dependents at their own expense back to the mainland, you must notify the Personnel Office of this action so that your VHA entitlements can be adjusted.

Family Separation Allowance (FSA)
Personnel who are married and not legally separated or those who retain legal custody of dependents if divorced will receive FSA in the amount of $250 per month. This is not authorized until after the 31st day of separation, at which time retroactive payments will be made.

Cost of Living Allowance (COLA)
Sailors and their families will continue to receive COLA which is made on a day by day basis unless any of the following occurs:
• Dependents leave the island for over 30 days. If a service member relocates his or her dependents, it is imperative that they notify the Personnel Office.
• Longevity increase (i.e., >2 years, >3 years, etc.)
• Change in COLA rates.
• Addition or loss of dependent.
• Confine

Per Diem
All squadron members will receive per diem on deployment. Per Diem is intended to cover some of the living expenses of the squadron member while he or she is on deployment.

Pay Problems
If a pay problem is encountered during deployment, spouses should first attempt to contact their Sailor. If due to detachments or exercises and your spouse is unreachable, contact the Admin Office in Kadena. The Family Readiness Group is also available to help with contacting your Sailor.

Direct Deposit
Direct Deposit to a joint account can lead to confusion and problems if both spouses are performing transactions on the same account. Bounced checks and overdrawn accounts can occur. Most banks will set up separate accounts and distribute the direct deposit funds between the accounts as requested. Transfer of funds between accounts can easily be made if one person falls short of cash. Contact your Bank or Credit Union for more information.

Legal Planning

While the Command has already hosted the Regional Legal Service Officer (RLSO) in squadron spaces, they can still provide legal services to members in Hawaii. For members in Whidbey, be sure to contact Naval Legal Service Office, NASWI.

The services available range from general estate planning and wills to insurance review and general property matters. Advice is available on such matters as credit purchasing, state and federal taxation, state motor vehicle laws, landlord-tenant relationships, laws involving domestic issues (divorce, adoption, etc.), state residency matters, immigration laws and commercial contract laws. Check with your respective Legal Office for more information specific to your area of concern.

The US Navy lawyers cannot represent clients in civilian court, but they can advise and assist active duty and retired service members that have personal legal problems. The Legal Officer is required to treat all such problems confidentially and may not lawfully be ordered to disclose such information by any superior authority. When a legal problem is not within the scope of the Legal Assistance Program, referral can be made to the local civilian counsel.

Act immediately when a legal issue is discovered. Immediate action will often resolve small problems before they become more serious. For example, the best time to ask questions is before signing a contract rather than when the terms of the contract come into dispute. **Never sign a blank contract!!!** Utilization of legal assistance is both advised and encouraged when a legal problem is first identified.

**Powers of Attorney:**
One of the most important matters to consider during pre-deployment planning is a Power of Attorney. A Legal Assistance Officer should be contacted to help you prepare one.

**Wills:**
The Legal Offices at Marine Corps Base Hawaii, Joint Base Pearl Harbor, and Naval Air Station Whidbey Island will assist both military personnel and their family members in the preparation of wills. Will workshops are given regularly and members can contact their respective Legal Office for dates and times.
Legal Planning (Cont’d)

**In Loco Parentis:**
This phrase means “standing in place of parents.” If children are in the care of someone other than a parent or legal guardian, that person is considered “in loco parentis.” Some states will appoint children as wards of the state when the parents are injured and/or unconscious unless there is an original notarized document authorizing a specific person to act as guardian. It is possible that children in the care of someone other than the legal guardians or parents will not be seen for medical emergencies without the original notarized form. A separate form must be filled out and notarized for every person caring for the child or children and there should be a form in your vehicle that can be easily accessed.

**Notarization:**
Notary public service is available at the Legal Assistance Offices, most banks and credit unions and usually through the Fleet Family Service Center. There may be a small service fee for the service depending upon where obtained.

**Legal Assistance:**
The U.S. Navy lawyers cannot plead a Navy family member’s case in court, but can advise Navy Personnel and their family members who have personal legal problems. The Legal Officer Treats all such problems confidentially, and may not be lawfully ordered to disclose such information by any superior naval authority.

The military lawyers stationed at the respective legal offices in Pearl Harbor, HI and Naval Air Station Whidbey Island take on clients on an appointment basis, but anyone having an emergency can usually be seen the same day. Contact your respective legal office for more information.
